FLOOR SCALE

IP65

REQUIRES

DURABLE

Floor Scale Product Line

- Stainless steel or epoxy-coated carbon steel weighing platform;
- Four high-precision industrial load cells;
- Stainless steel junction box with IP65 protection;
- Weighing indicator with RS-232 communication;
- Reinforced and durable structure for industrial use.

Technical Specifications

- Power supply: 110/220 V dual voltage (bivolt);
- Available capacity: from 500 kg to 2000 kg;
- Available dimensions according to customer request, respecting the limit of 80 x 150 cm;
- Adjustable feet for precise leveling;
- Washdown platform option, practical and durable.;
- Robust construction, suitable for industrial environments.

What is included:

- Weighing platform with installed load cells;
- Protected junction box;
- Weighing indicator with RS-232 communication cable;
- Operation manual and installation instructions.
- Benefits: High durability and corrosion resistance;
- Accurate measurements across different types of products;
- Easy cleaning and maintenance;
- Customization available according to customer needs.
